Whatever happened to the playmates who climbed apple trees and slid down cellar doors in the vintage playground song?

FAYETTEVILLE, Ga. –

Say, say, oh playmate – come out and play with me.

And bring your dollies three.

Climb up my apple tree.

Did you ever stop to wonder what became of the playmates who climbed apple trees and slid down cellar doors in the vintage playground song? Find out in this joyful tribute by award-winning author/illustrator team Connie Goyette Crawley and Lilith Valebali.

With a nostalgic style reminiscent of the Dick and Jane readers, along with charming watercolor illustrations in two-page spreads, the classic song is brought to life with a delightful conclusion. The celebration of childhood friendship is followed by background information on the song, and accompanied by free bookmarks, character cut-outs, and coloring pages on conniecrawley.com.

Crawley comments, “One of my earliest memories is of singing ‘Playmate’ with my mother. The song followed me through childhood as a clapping game, and into adulthood as my own children’s favorite lullaby. Over the years, I wondered about the playmates. Who were they? What happens when they grow up? Developing this book allowed me learn more about the classic song and peek into the playmates’ lives to see what happens next.”

Say, Say, Oh Playmate is Crawley’s seventh book. Upcoming works include *Tilly and Torg – Out of this World*, the fourth book in Tilly and Torg’s Easy-As-Pie chapter book series, and *One Million and One Acts of Kindness*, the third book in the nonfiction “Our World” series.
